

Outdoor Basketball Court Fundraiser

Thanks to the Village of Alma Center for approving the use of village property for the purpose of building a full outdoor basketball court for all to use; we are seeking donations to make this happen! With your help and support our community and school basketball programs will benefit from the establishment of an open court for our children, adults and students to use; for fun and practice! We believe a positive outlet for our youth, and adults alike, will greatly benefit our community and athletic programs and give them an opportunity for a healthy, positive and productive outlet. We appreciate all your support and look forward to providing an opportunity to add to our village!

If you'd like to make a donation, you can make your check payable to **AC Basketball Court Funding** and drop off at the Village Hall or contact any of the following:
